SECTION I
LITERATURE & PERSONNEL IN MILITARY CUSTOMS

- NOTES: A. In asterisk providing the name indicates that the specialist has immigrated and that he is included in this section instead of Section III in order to permit listing of the location and condition of his non-immigrated dependents. Outdations shown in such cases have custody of dependents only.
- B. Specialists under "Project 63" contracts who arrived in the U.S. with dependent wives are also included in this section until they accept employment under another type contract.
- C. The first number in the "Dependents in U.S." column for each specialist is the total number of dependents brought to the U.S. under "Project 63" or "Project 62", other than those "contracted prior to immigration". The number of those who have immigrated is shown in parentheses in the same column.
- D. The residential address shown in each case is that of both the specialist and his dependents, where it shows in Section II.

DEPARTMENT OF MATHEMATICS

NOTE: 4. This list includes only those indigented applicants all of whose dependents also have indigented. Indigented applicants may or all of whose dependents are still in military custody are listed in Section II.

4. Budgetary Credits under Project for income tax interest to the IRS will be budgeted when it is determined that they meet minimum underwriting standards.

6. Personnel listed in this section became fully self-sufficient during your investigation. They are no longer classified as "whistleblowers" or "leak by persons", and an attempt is made by JISC to have benefit of the "whistleblowers".
